

Propagation channel characterization, parameter estimation and modelling

Presented by Xuefeng Yin

Textbook: Xuefeng Yin, Xiang Cheng, Propagation channel characterization, parameter estimation and modelling for wireless communications, John & Wiley and Sons. 2013 In press

Topics/Chapter

- Chapter 1. Introduction
- Chapter 2. Characterization of Propagation Channels
- Chapter 3. Generic channel models
- Chapter 4. Geometry based stochastic channel modeling
- Chapter 5. Channel measurements
- Chapter 6. Deterministic channel parameter estimation
- Chapter 7. Statistical channel parameter estimation
- Chapter 8. Measurement based statistical channel modeling
- Chapter 9. Practices: channel modeling for modern communication systems
